Subject: Re Housing Element/CHIP Ordinance

Good afternoon:

Hope you all are having a good day.

Please find the West Hills Neighborhood Council (WHNC) Zoning & Planning position on the Housing Element/CHIP Ordinance.

On October 8th, 2024, the committee voted unanimously in support of Draft #3 of the Housing Element/CHIP Ordinance, without the addition of Exhibit D, "options", as presented by the Planning Department and based on their report.

During attendance at the 7 and 1/2 hour hearing held by the Planning Commission on September 26th, 2024 and in reading the Planning Departments' report, it is clear that the Planning Department found enough zoning to meet the States' mandate for housing without the need to rezone single family areas. The Planning Commission agreed.

Thank you for your continued support of our neighborhoods.

Best regards,

Char Rothstein
